

Interpreting in Mental Health
Settings:
**Culturally Relevant Service
Delivery**

The Presenter

Dr. Marlene Ruck Simmonds brings expertise in counselling, assessment and the development of programs that foster culturally proficient practice, to her work.

Dr. Ruck-Simmonds will facilitate a three-part professional growth session for MAPSLI and community members, focusing on culturally relevant service delivery. Participants will have an opportunity to explore belief systems around care and mental wellness, the implications for interpreting practice and strategies for building supportive systems.
